ABOUT THE ESTATE: A modern development, CITYFLOW, is being built on Redutowa Street in **Warsaw** . Residents will find peace and a wide variety of outdoor activities, while remaining in the heart of the capital's action. All this is surrounded by greenery – nearly 40% of the development is biologically active.

In the vicinity of the estate – public transport stops, kindergartens, schools, shops, restaurants, bars, banks and many other service points make life easier and save time.

An internal, green, central park will run through the center of the development, on an east-west axis. On the west side, a so-called activity, relaxation, and meeting zone will be created – for the exclusive use of residents. This zone will provide a wealth of exciting outdoor activities, including a children’s playground, a relaxation area with loungers and hammocks, an amphitheater, a water mist area, and a dog recreation area.
